

Munsch¹ a Bunch of Miles for Literacy

Dear Munsch Mile Supporter:

We're at it again! - Chapter 3 of the **Munsch a Bunch of Miles for Literacy** will be on the highway starting September 3 until 12. This bicycle relay supports local literacy programs in Camrose and the surrounding area. Last year donations of just over \$10,000 supported a variety of literacy programs in Camrose including *English as a Second Language*, family literacy, prenatal books for families, *Bonkers for Books*, as well as a literacy research program that will help our literacy programs be more effective in the future. The money raised from this ride will support a variety of literacy programs that will encourage and support families and children with speaking, reading and writing. We want to increase the *English as a second Language* program and start a new program that encourages fathers to read to their children – Watch for FRED coming to Camrose in the near future!

This year, after driving to Winnipeg, we will commence our bicycle ride on Sept 5th. We will arrive back in Camrose on September 12th at École Sifton School for our last presentation and informal gathering. Please join us for cookies at 2:30! You can listen to our progress every morning on 98.1 CAM FM or read our daily summary in the *Munsch a Bunch* blog. <http://2008munschabunch.blogspot.com>

We appreciate the opportunity to ask for your support to make this year's tour a success and we await your positive response.

Alan Ford, Helen and David Samm
